

RSI

*Security
Strategy
Services*

RSI, an Integrated Risk Management services firm, helps organizations ASSESS, REMEDIATE and MAINTAIN a robust compliance and security posture. With an assessment approach that is 80% cheaper and 65% faster than traditional methods, organizations have the ability to continuously build cyber resilience.

COMPLIANCE | DATA PRIVACY | CYBER SECURITY MANAGED SECURITY SERVICES & IT PRO SERVICES

Compliance Risk Assessments

With RSI, quickly see your compliance and cyber security weaknesses across employees, processes, technology and vendors. Our self-paced or CISO-lead SaaS tools provide you with years of auditor experience embedded, and helps any company determine their exposure and remediation efforts.

HIPAA
GDPR
NYS DFS
NAIC
CCPA
CIS 20
CMMC
NIST 171
NIST CSF
NIST 800 53

- Assess your security and compliance posture based on common cyber regulations or frameworks.
- Guides you through an entire risk assessment, intelligently compiles a robust risk register, and generates a powerful audit-ready risk report.
- Track and document remediation efforts for every identified risk, with easy-to-understand threat response guidelines and audit trail.
- Access to proprietary Policies and Procedures generator, catered to your organization's industry.
- Vendor Management module to ensure your vendors remain compliant with your sensitive data.
- Full support from RSI's team of virtual CISO's, so you can gain insight and assistance from a cybersecurity professional at the click of a button.

vCISO consulting hours are included in the monthly price for all risk assessment clients.

Compliance - vCISO Services

RSI's Virtual Chief Information Security Officer (vCISO) services help organizations protect their infrastructure, data, people and customers. Our vCISOs are not only top security experts, but experienced auditors as well. vCISOs work with the executives and technical team of a company to provide leadership and direction to improve a company's security posture.

Compliance - IT Policies & Procedures

Custom, internal policies and procedures designed to your industry to help manage regulations, rules and ethical standards by employees, agents and vendors.

- Cybersecurity/Information Security Leadership & Guidance
- Steering Committee Leadership and/or Participation
- Security Compliance Management
- Security Policies, Processes & Procedures Development
- Incident Response Planning & Governance
- Security Training & Awareness Governance
- Asset Inventory, Network Mapping, Critical Data Classification
- Internal Audit Liaison & Support

DATA PRIVACY
